Dear Parents/Guardians,

We are due to receive a limited grant from the Department of Education & Skills (DES) to allocate to parents/guardians who are **in need of assistance** towards the cost of their son's text books for the academic year 2022/2023.

We ask that only those who are **in need of assistance** apply to enable us to allocate any funds received in the fairest way.

**Book Grant Application 2022/2023**

I/We wish to apply for a book grant towards the cost of textbooks (not stationery) for the school year 2022/2023.

Parents/Guardians should note that the school operates a Loan Scheme under the DES rules. This means that where support is provided for the purchase of books, the books remain the property of the school and must be returned to the school. This enables the school to supply free books to a greater number of students as books returned in good condition can be distributed again as second hand books. If books are not returned, some students will be deprived. Accordingly, where a student fails to return books which he no longer needs at the end of the year, he will automatically be excluded from the Free Book Scheme for the following year.
